"great expectations"

practical experience

Annalie Pinch is a Principal Associate in ENSafrica's Tax department. She specialises in corporate and international income tax, including domestic and international restructuring and inbound and outbound investments.

She has acted for clients in various industries on issues such as South African income tax, capital gains tax implications of cross-border investments, domestic and international mergers and acquisitions and share incentive schemes.

Annalie's experience includes performing due diligence reviews and tax accrual reviews as part of the external audit of a diverse range of corporations. Annalie also has experience with exchange control regulations.
