"personalised solutions"

practical experience

Leonard Bilchitz is an Executive in ENSafrica's Corporate Commercial department. He specialises in M&A, corporate reorganisations and restructurings, private equity transactions as well as general commercial law.

Leonard's experience includes negotiating, advising and structuring a range of commercial transactions, including asset and share acquisitions and disposals, share subscriptions, shareholder relationships, joint ventures and corporate reorganisations. He has also assisted various clients in relation to due diligence investigations.

Leonard regularly advises clients in relation to the establishment of venture capital companies contemplated in section 12J of the South African Income Tax Act and the preparation of the various relevant documentation.

In addition, Leonard has experience in matters relating to the establishment of private equity funds and the investment and divestment in portfolio investments by private equity funds.
