"no boundaries"

practical experience

Limahl Sukhlal is a Consultant in ENSafrica's Tax department. He specialises in transfer pricing matters.

Limahl has advised clients in a variety of industries, including the automotive, telecommunications, pharmaceuticals, mining, manufacturing and retail industries.

His experience includes assisting clients with the development and implementation of their transfer pricing policies, as well as drafting transfer pricing compliance documentation and economic analyses, including benchmarking studies.

Limahl's expertise also includes assisting with transfer pricing audits and local file, master file and country-by-country reporting, drafting and implementation.
