"no boundaries"

practical experience

Nadaraj Naidoo is a forensic consultant in ENSafrica's forensics department.

His experience includes various investigations for, amongst others, an international vehicle manufacturer, international and South African mining organisations, South African government organisations and financial institutions. Nadaraj has experience in various forms of forensic investigations including fraud, corruption, procurement, conflict of interest and labour related issues.

Nadaraj's experience also includes conducting business intelligence checks and digital forensic reviews.
